O'NEIL ELECTED TO FILL VACANCY

New Mayor Pledges Faithful Service and Continuation of Progressive Policies

William O'Neil, a member of the city council for the past eight years, was elected Mayor of Richmond, to fill the vacancy caused by the death of Mayor L. P. Evans, at a meeting of the City Council Wednesday night.

The election of Mr. O'Neil was made by unanimous vote of the other five councilmen, all of whom have seen his hard work for the best interests of the city, and accorded him the honor of the mayoralty with confidence that he will prove faithful to every duty.

Mr. O'Neil was one of the closest friends of the late Mayor Evans, and worked hand in hand with him for the betterment of the city's affairs.

When he took the chair and gavel, he made an appropriate little speech in which he pledged himself to continue the campaign for a better and more progressive Richmond, which had been the ideal of the late Mayor and for which the members of the City Council had loyally worked shoulder to shoulder with him. He asked for the earnest co-operation of the councilmen, and pledged his every effort to be worthy of the honor that they had conferred upon him.

Councilman C. B. Terrill, who had been acting as Mayor by designation of Mayor Evans when he became ill, presided when the council met. He spoke of the sad occasion through which the city had passed and paid tribute to Mayor Evans' great work in its behalf. He told of the necessity of filling the vacancy.

Before nominations were made Councilman Bob Golden did a fine and magnanimous thing. He was one of the defeated candidates in the recent primary in which Mayor Evans was victorious, but he has always been a friend and admirer of Mayor Evans, and it was marked as peculiarly appropriate that he should offer the following resolution, expressing the Council's sentiment over the death of the Mayor:

The Council's Resolution

Whereas, Almighty God, in His divine wisdom has called from his labors as our Chief Magistrate, our beloved Mayor Leslie P. Evans, and,

Whereas, We are duly conscious of the sterling worth, the beautiful character, the devoted loyalty and the high purpose of the man, and realize that in passing our city, county and state have suffered a great and irreparable loss; therefore, be it

Resolved, By the Board of Council of the City of Richmond, that we deeply mourn our loss. Be it further,

Resolved, That these resolutions be spread upon the records of the proceedings of this Council and that a copy of same be published in the Richmond Daily Register, and a copy be mailed to the family of the deceased.

WILLIAM O'NEIL, Mayor.
Attest: W. E. Blanton,
City Clerk:

The resolutions were adopted unanimously.

Councilman Terrill then called for nominations for Mayor. Councilman Mershon presented the name of Mr. O'Neil. Councilman Golden seconded the nomination, and the vote was unanimous for Mr. O'Neil.

Mayor O'Neil then responded to the applause which greeted his taking the chair with his pledge for conscientious discharge of his duties, and carrying out the progressive pledges of the Evans administration, which had been so largely endorsed by the people at the ballot box last Saturday.

MADE MOONSHINE TO PAY OFF DEBTS

Owensboro, Ky., Aug. 11—When Chief of Police John Williams arrested Aloysius Mattingly, young farmer, last night, on charges of bootlegging and operating a moonshine still, he found that Ernest Howell, former superintendent of the Reform School at Greendale, was a guest at Mattingly's home. Howell, who created a state-wide sensation by his charges against the Stanley administration during the Black-Morrow race in 1919, was not arrested. He said he had been visiting at the Mattingly home two weeks.

Mattingly woke up Chief Williams at his home and asked him if he wanted to buy some moonshine. The chief accompanied him to the poolroom, where he sampled the liquor and arrested the young farmer. He then arrested Mattingly's partner in a stable. Then they went to Mattingly's house where a still, a quantity of moonshine and some mash were seized.

"I was making the moonshine in an effort to support my wife and eight children," said the prisoner, who claims that he owes \$15,000 at banks and \$8,000 on farms. "My credit is exhausted and the drought has ruined my crops," he said.

DISCOVERY THROWS LIGHT ON ROME

By Associated Press

London, August 11—A discovery which, it is claimed, will from one of the fundamental sources for a history of the Roman empire under Augustus, has been made recently by Dr. Oliverio, an Italian savant in Cyrene, the ancient Greek colony in Africa, founded in the seventh century.

The caravan will be composed largely of cars carrying delegates to the Dixie Highway Convention which will open in Cincinnati September 8 and last three days.

The procession is expected to be from six to seven miles long by the time it reaches Cincinnati.

It will leave Lexington after breakfast September 8, and will arrive in Covington several hours later, being met there by representatives of the association from Cincinnati and Kentucky cities on the south side of the Ohio river, and escorted to parking places in Cincinnati. The last machines are expected to be an hour or more behind the leaders.

Plans are being made for similar demonstrations on the part of the Dixie Highway Convention delegates going to Cincinnati as far north as Sault Ste. Marie, Mich., with Dayton, O., as the last control before entering Cincinnati, according to word received here.

Lexington, Ky., Aug. 11—One of the largest cross-country automobile caravans ever organized will leave this city the morning of September 8, for Cincinnati. The caravan is expected to consist of about 1,000 automobiles from points as far south as Miami, Florida.

The pilgrimage to Cincinnati has been organized through the efforts of the Lexington Automobile Club and the Dixie Highway Association and the Cincinnati Dixie Highway convention committee.

A Morning Post correspondent writing from Cyrene, says that excavations at Bengasi—the ancient Berenice which stood in the midst of the Garden of the Hesperides near the mouth of the river Letha—have resulted in the unearthing of a large block of marble eight feet long, one face of which bears a flawless Greek inscription of over 100 lines; the translation of a letter from Augustus on the administration of justice in Cyrenaica, giving wonderful insight into the financial and judicial conditions of the country at that time.

Louisville, Ky., Aug. 11—W. Overton Harris today issued a statement accepting the primary nomination as the democratic candidate for Mayor. An extensive Ptolemaic cemetery also has been located. At Apollonia, a Christian basilica of the fifth century is being excavated and at Merdj, the ancient Barce, some Cufic inscriptions have been found which are held to be of great importance when the history of the Arab conquest comes to be written.

HIGH POINT SCHOOL HOUSE BURNS DOWN

Bloodhounds Sent For In Effort To Trail Men Believed Responsible For Fire

The High Point school house burned to the ground Wednesday night.

Superintendent Ben F. Edwards has wired to Lexington for bloodhounds, in an effort to trace parties who, he believes, had a hand in setting the building on fire, or at least causing it to catch fire. He believes that men or boys congregate there to gamble at night, may have been responsible for the blaze. Supt. Edwards says that he never been able to keep a lock on the doors, and that there have been evidences seen in the building that it was being used for that purpose.

Supt. Edwards has notified the teacher and trustees to keep people away from the building until the bloodhounds could get there.

The High Point school is located between Silver Creek and Berea. Miss Lula Fortune is the teacher and there are about 35 pupils in the district.

Summer Music Sponsored By

National Federation of Music

One of the foremost present-day plans of the National Federation of Music Clubs is that of providing communities with "summer-time" music. In other words, the vision of the Federation and the scope of club work have broadened so that now the club season no longer begins in the fall and ends in the spring. Rather it does not end at all but forges ahead right through the summer months bringing pleasure and entertainment to many more people than are ordinarily reached by the indoor programs of the usual club "season."

In this movement the Federation is instituting four different kinds of music programs the first being the Community Sing which is always successful and practically easy of attainment. Although the "sing" is no longer connected with wartime activities it is predicted that it has come to stay, because it has found favor with the people generally, and it furnishes the nucleus for a civic chorus which is the ultimate object of effort in this behalf by the Federation.

Pageants, community operas and outdoor festivals are the three more pretentious projects attempted by the clubs in larger localities. These are educational as well as enjoyable and are al- found to be surprisingly easy of accomplishment. Indeed it but remains for some one to make a beginning in these various music enterprises and to the cooperation is wholehearted and efficient. The fact that summer is here but proves that music is needed to refresh a warm and wearied world.

FIRST CHRISTIANS WIN THE PENNANT

Cinch Championship in Church League By Defeating Methodists

HOW THEY STAND

CLUB	W	L	Pct.
First Christians	11	3	.786
Baptists	8	5	.615
Second Christians	7	6	.538
Presbyterians	6	7	.462
Catholics	3	7	.300
Methodists	4	10	.286

The First Christians drew away from the other teams in the Church League by defeating the Methodists on the Normal field Wednesday by a score of 14 to 5. The "Campbellites" can now be hailed as the "Church League Champions" as they cannot lose the pennant if they lose all of the rest of the games they play. Ab Oldham, who has been going good lately, pitched the First Christians to victory with more stuff than he has displayed in any league game to date. He whiffed a total of 18 men and held the Methodist attack under control throughout the game.

Metcalf, the Methodist twirler, could not hold the battling First Christians back and when the Methodist defense broke behind him in the eighth, the "Campbellites" shoved over six runs before the "cellarites" recovered. This completed the slaughter and the race for the pennant. Metcalf pitched good ball for the first three innings but he weakened after these early rounds when the scoring began.

The day was filled with stellar catches. A total of three catches were made that were well worth mention. "Daddy" Deathrage pulled a fine one in the eighth when he speared John Parks' long fly with one hand while running at top speed toward the bushes. Spears Turley also made a fine running catch in the same inning. Jim Howe robbed Barnett of a hit in the fifth when he ran in behind second and made a fancy shoe-string catch of his pop fly.

John Lackey and Harold Oldham led the First Christians in hitting with four hits in five times up. Oldham is hitting at a great clip lately and is now the most dangerous man in the league who bats in the famous cleanup position.

The First Christians have played like real champs throughout the season and they are truly the best team in the league. The other games will be just as interesting even though the pennant has been won. Everybody come out and find out. The score:
